Hello! I am Kate. I want to write about my mobile phone .I got It from my parents for my birthday two years ago.

I like it very much and I think it's sometimes good to have it in my bag.

I always keep it in my bag or in my pocket so my parents and my friends can always telephone me.

It's got a calculator in it . I sometimes use it at school. It's also a kind of information file. I can use my mobile phone to connect to the internet and look through the news or read emails on my computer . Isn't it fantastic?.

Last year, I was on a cycling holiday with my friend, we went cycling but the weather wasn't good. It was cold and windy. It started to rain and it got dark. Suddenly my friend fell off her bike and she broke her leg. At first I didn't know what to do, but then I thought about my mobile phone. It was in my rucksock so I telephone for help. After fifteen minutes a doctor arrived.

Sometimes people are not keen on mobile phones. They are a real problem because they always ring at the wrong moment .I'm not crazy about my mobile phone but I feel safe when I have it with me.
