

Colegio Bicentenario España

Mrs. Patricia Embry Torres

4th grades A – B – C

English

UNIT TWO: RECENT DISCOVERIES AND CREATIONS

AE 05: Demonstrate understanding of main ideas and explicit information in simple oral texts of varying lengths and interactions that present authentic use of language, such as news, talks or oral or audiovisual descriptions, related to recent discoveries and creations, and that contemplate the functions of describing actions and past events, request and confirm information, and compare processes and facts.

AE 08: Write short and simple descriptive and narrative texts of approximately 150 words, such as letters and emails, related to recent discoveries and creations

The evolution of Science and Technology no doubt is like a boon to the world because human beings have come to know a lot about the world in which they live, indulge in activities, etc. Development in technology leads to the advancement in Science and helps to revolutionise several fields including medicine, agriculture, education, etc.

“Success is a science; if you have the conditions, you get the result.” – Oscar Wilde

“The science of today is the technology of tomorrow.” – Edward Teller

Science has a great impact on our lives. Without science, we won't be able to enjoy many things that make our modern world possible. Every year several discoveries and inventions took place and so the same way in 2019 that had given an edge to science and technology. Discoveries and Inventions in Science and Technology play an important role in the preparation of various competitive examinations.

List of Inventions and Discoveries in Science and Technology

1. A new ink discovered by Scientists
2. Discovery of Paper Sensor
3. World's largest supercomputer SpiNNaker
4. Hyperloop Technology
5. Secretagoin Protein
6. Potential Diarrhoea vaccine ETVAX developed
7. OneerTM
8. Discovery in medicine 'How cells sense and adapt to oxygen availability'.
9. Discovery regarding an exoplanet orbiting a solar-type star.
10. Development of lithium-ion batteries
11. Blockchain Technology

Now I invite you to watch the following video about a teenager who did a great invention to solve a big problem in hi community.
